Dear Honey:

I'm writing to give you some feedback on your presentation yesterday.

Despite the fact that you were speaking to a ballroom full of CPA's and professional financial planners, we got a ton of fresh information about long-term care insurance. Everyone was buzzing about your wealth of knowledge in this area. The most common comment was, "She's got more expertise in the long-term care insurance than anyone I've ever met!"

I certainly agree.

Your clients must sleep well at night knowing you are on the job.

Thanks for a WONDERFUL and INFORMATION-PACKED presentation.

Sincerely,

Lynn D. Fletcher
Certified Public Accountant
