Dear Honey:

On behalf of the Oklahoma City Association of Insurance and Financial Advisors, thank you for your outstanding presentation to our 2005 Oklahoma City Sales Congress. The Sales Congress would not be successful without the support of insurance professionals like you.

Your knowledge and enthusiasm came through loud and clear. The original and inventive approach you take in presenting Long-Term Care information made your program more than just a continuing education hour. The comments from our participants were 100% positive. Working with professionals like you is a treat for all of us.

Sincerely,

Richard J. Porter, CLU
